## BIO-SCIENCE LAW REVIEW

### VOLUME 15

#### CONTENTS

Subject Index	i
Countries and Institutions	ii
Contributors	iii
Contributions	iv
Case List	iv

#### Subject Index

##### BIOLOGICS

Implications of the TPP agreement on exclusivity for biologics and biosimilars in Australia (Case Comment) 2 73

##### BIOSIMILARS

Implications of the TPP agreement on exclusivity for biologics and biosimilars in Australia (Case Comment) 2 73

##### COMPETITION

###### Pharmaceutical products

GSK and others fined as CMA concludes investigation into paroxetine pay-for-delay settlements (Case Comment) 2 68

##### COSMETIC PRODUCTS

###### Nagoya Protocol

Impact of the new EU Nagoya Protocol compliance regime on the cosmetics industry as illustrated by *Sophora Japonica* (Article) 4 142

##### DATA EXCLUSIVITY

Implications of the TPP agreement on exclusivity for biologics and biosimilars in Australia (Case Comment) 2 73

##### GM INSECTS

What's all the buzz about GM insects? UK House of Lords Science and Technology Committee report on GM insects (Case Comment) 2 76

##### INTERNATIONAL RELATIONS

Brexit and life sciences: product authorisation and exclusivity rights (Article) 6 215

##### MEDICAL TREATMENTS

Patentability of medical treatments (Article) 6 224

##### MEDICINAL PRODUCTS

Latest news on medicinal product SPCs in Europe (Article) 1 18  
 Nexus between inspection and enforcement: *R (Roche Registration Ltd) v Secretary of State for Health* (Case Comment) 2 63  
 Promoting the off-label use of medicines: where to draw the line? (Article) 1 3

#### NAGOYA PROTOCOL

EU regulatory framework for compliance with rules on access and benefit-sharing of genetic resources (Article) 3 83  
 Impact of the new EU Nagoya Protocol compliance regime on the cosmetics industry as illustrated by *Sophora Japonica* (Article) 4 142

#### NANOMATERIALS

##### Regulation

Nanomaterials in the EU regulatory framework on chemical products (Article) 2 49

#### PATENTS

##### Competition

*Genentech*: the Court of Justice of the EU rejects a competition law defence in a patent royalty action (Case Comment) 4 165

##### Declaratory relief

Declaratory relief in the English Patents Court (Case Comment) 3 123

##### Diagnostic method

Diagnostic method claims in Canada (Article) 1 12

##### Experts

Experts in the Unified Patent Court (Article) 2 44

##### Patentability

Henry Carr J jabs patentability in Men B case (Article) 4 131  
 Isolated nucleic acid sequences no longer patentable in Australia: *D'Arcy v Myriad Genetics Inc* (Case Comment) 1 25  
 Patentability of medical treatments (Article) 6 224

##### Pharmaceutical products

Injunctions in pharmaceutical patent cases: the approach of the English courts and the likely impact of the UPC (Article) 3 111  
*Regeneron Pharmaceuticals v Kymab and Novo Nordisk* (Case Comment) 3 119

##### Plant breeding

EU Commission notice on plants from essentially biological processes: problem solved? (Article) 6 231  
 Generating value in the soybean chain through royalty collection: an international study (Articles) 5 171

##### Plausibility

Blurred lines? Patents and plausibility (Article) 2 39

##### Public interest

Compulsory licences and patent revocations: does public interest rule the roost? (Article) 4 148

##### Supplementary Protection Certificates

Calculation of SPC duration: Case C-471/14 *Seattle Genetics* (Case Comment) 1 31  
 Latest case on SPCs: the CJEU rules in favour of chaos (Case Comment) 6 248  
 Latest news on medicinal product SPCs in Europe (Article) 1 18

## Unified Patent Court

UPC Rules of Procedure are agreed. What do they say? (Article) 1 8

## PHARMACEUTICAL PRODUCTS

### Antibiotics

- Antimicrobial resistance: a brief review of the O'Neill report (Case Comment) 4 162
- UN leads the way on antimicrobial resistance (Case Comment) 6 252

### Clinical trials

- Regulatory guidance: the importance of clarity *R (Richmond Pharmacology Ltd) v Health Research Authority* (Case Comment) 4 158

### Competition

- GSK and others fined as CMA concludes investigation into paroxetine pay-for-delay settlements (Case Comment) 2 68

### Injunctions

- Injunctions in pharmaceutical patent cases: the approach of the English courts and the likely impact of the UPC (Article) 3 111

## PLANT BREEDING

### Royalties

- Generating value in the soybean chain through royalty collection: an international study (Articles) 5 171

## TRADE SECRETS

- EU Trade Secrets Directive: a case of form over substance (Article) 6 239

## Countries and Institutions

### ARGENTINA

#### Plant breeding

- Generating value in the soybean chain through royalty collection: an international study (Article) 5 176

### AUSTRALIA

#### Data exclusivity

- Implications of the TPP agreement on exclusivity for biologics and biosimilars in Australia (Case Comment) 2 73

#### Patents

- Isolated nucleic acid sequences no longer patentable in Australia: *D'Arcy v Myriad Genetics Inc* (Case Comment) 1 25
- Patentability of medical treatments (Article) 6 224

### BELGIUM

#### Medicinal products

- Promoting the off-label use of medicines: where to draw the line? (Article) 1 3

### BRAZIL

#### Plant breeding

- Generating value in the soybean chain through royalty collection: an international study (Article) 5 179

### CANADA

#### Patents

- Diagnostic method claims in Canada (Article) 1 12

### Plant breeding

- Generating value in the soybean chain through royalty collection: an international study (Article) 5 182

## COURT OF JUSTICE OF THE EUROPEAN UNION

### Patents

- Calculation of SPC duration: Case C-471/14 *Seattle Genetics* (Case Comment) 1 31
- Genentech*: the Court of Justice of the EU rejects a competition law defence in a patent royalty action (Case Comment) 4 165
- Latest case on SPCs: the CJEU rules in favour of chaos (Case Comment) 6 248

## EUROPEAN COMMISSION

### Patents

- EU Commission notice on plants from essentially biological processes: problem solved? (Article) 6 231

## EUROPEAN UNION

### Cosmetic products

- Impact of the new EU Nagoya Protocol compliance regime on the cosmetics industry as illustrated by *Sophora Japonica* (Article) 4 142

### Medicinal products

- Promoting the off-label use of medicines: where to draw the line? (Article) 1 3

### Nagoya Protocol

- EU regulatory framework for compliance with rules on access and benefit-sharing of genetic resources (Article) 3 83

### Trade secrets

- EU Trade Secrets Directive: a case of form over substance (Article) 6 239

## FRANCE

### Plant breeding

- Generating value in the soybean chain through royalty collection: an international study (Article) 5 184

## GERMANY

### Plant breeding

- Generating value in the soybean chain through royalty collection: an international study (Article) 5 187

## HUNGARY

### Plant breeding

- Generating value in the soybean chain through royalty collection: an international study (Article) 5 189

## INDIA

### Patents

- Compulsory licences and patent revocations: does public interest rule the roost? (Article) 4 148

**ITALY****Plant breeding**

Generating value in the soybean chain through royalty collection:  
an international study (Article) 5 192

**PARAGUAY****Plant breeding**

Generating value in the soybean chain through royalty collection:  
an international study (Article) 5 195

**SERBIA****Plant breeding**

Generating value in the soybean chain through royalty collection:  
an international study (Article) 5 197

**SOUTH AFRICA****Plant breeding**

Generating value in the soybean chain through royalty collection:  
an international study (Article) 5 199

**UNIFIED PATENT COURT**

Experts in the Unified Patent Court (Article) 2 44  
UPC Rules of Procedure are agreed. What do they say? (Article) 1 8

**UNITED KINGDOM****Competition**

GSK and others fined as CMA concludes investigation into  
paroxetine pay-for-delay settlements (Case Comment) 2 68

**GM insects**

What's all the buzz about GM insects? UK House of Lords  
Science and Technology Committee report on GM insects  
(Case Comment) 2 76

**International relations**

Brexit and life sciences: product authorisation and exclusivity  
rights (Article) 6 215

**Medicinal products**

Nexus between inspection and enforcement:  
*R (Roche Registration Ltd) v Secretary of State for Health*  
(Case Comment) 2 63
